

LARGEO - ION takes part at the AAPG (17-19 October, 2010, Kiev, Ukraine) 3 – Day Conference and Exhibition covering the full spectrum of exploration in the Black Sea and Caspian Regions

The AAPG European Region Annual Conference and Exhibition is an outstanding opportunity for presenting and sharing knowledge and understanding of sedimentary basins, petroleum systems and rocks, while providing first-class networking and discussion opportunities.

- Comprehensive [technical programme](#) of over 200 presentations
- Poster sessions
- More than 20 [exhibitors and sponsors](#)
- 5 fascinating pre-conference [field trips](#)
- Networking opportunities including a cocktail reception and [gala dinner](#)
- Meet, discuss, and share ideas with over 500 attendees
