Vienna has been chosen to host the 73rd EAGE Conference & Exhibition incorporating SPE EUROPEC.

The 73rd EAGE Conference & Exhibition incorporating SPE EUROPEC 2011, is the largest and most comprehensive geoscience event in the world. The five-day programme consists in a large conference and a technical exhibition presenting the latest developments in geophysics, geology and reservoir/petroleum engineering. In 2010 almost 5,500 visitors from almost 100 different countries attended the event in Barcelona. Whether it is your goal to have the maximum exposure at the event, support a particular sponsor activity or enhance your image, 'Vienna 2011' will provide a perfect opportunity to reach thousands of geoscientists and engineers.
